Finding Grace in Your Family

A new ministry supporting couples and single parents who have children with disABILITIES

Dr. Madonna Wojtaszek-Healy

Madonna holds a Ph.D. in Educational Psychology and has taught at both Catholic and public universities and elementary schools. Her mission is to include all children, whether their needs are "special" or not, in the educational and spiritual life of the Church.

A popular speaker at both the national and diocesan level, Madonna's experience as the mother of children with ADHD and Asperger's Syndrome has given her insight into the challenges that families who have a member with disABILITIES face.

Parenting a child with physical, developmental or mental-health disABILITIES can be one of the most rewarding experiences of your life. But it also can strain your household and marriage and test your faith.

Join Madonna Wojtaszek-Healy for the first session of a 2024 program designed to support couples and single parents who have children with disABILITIES. The program begins with an in-person meeting at the Blanchette Catholic Center, followed by monthly online sessions and quarterly in-person meetings throughout the diocese.
